

# 16 Beautiful Breezeways to Inspire You

By [SARAH LYON](#) | Published on 09/09/21

[John Gruen](#) for [Hendricks Churchill](#)

If you're lucky enough to have a home with a breezeway, you know just how special this feature can be, but if you're at a loss for how to style this space, don't fear! Breezeways—whether traditional or enclosed—look beautiful when they're decorated with seating, plants, and other accents. They're also wonderful when kept simpler, allowing architectural elements such as stylized windows, wood and metal beams, and stone structures to really shine through. No matter if your home is a resort-like spot on the beach, a modern structure in the city, or something entirely different, you'll be able to find inspiration from the following 16 breezeways we've gathered below.

---

## DEFINITION

---

### What Is a Breezeway?

A breezeway is a transitional space within the home that is traditionally kept open, allowing easy passage from one part of the house to another, usually sheltered from the elements. Some breezeways are kept enclosed and serve as makeshift mudrooms or sitting rooms. Breezeways greatly enhance the architecture of a home and can serve as key interior and exterior focal points.

If you're a color lover, why not outfit your enclosed breezeway in vibrant wallpaper like [Kelley Proxmire](#) did in this space? Choose a fun, cheerful pattern that speaks to you and you'll feel a burst of positivity every time you pass through. A seating area and round table makes it easy to set down belongings and get cozy.
